

**Our new warehouse building,** constructed by Hoover Building Specialists - Honey Brook, is nearing completion and has come together at an impressive pace. We reached a major milestone on January 15, when 210 yards of concrete were poured for the warehouse floor.

We expect to be fully moved into the new warehouse by February. This expansion will provide much-needed additional product space, improving efficiency and positioning us for continued growth **as we continue to better serve you, our customers.**
